# BUILD THE OUTDOOR KITCHEN OF YOUR DREAMS

Since 1952, Weber has brought the joy of grilling to millions of people. Now, you can build a Weber® grill right into your dream outdoor kitchen and transform the way you cook, entertain, and live outside.

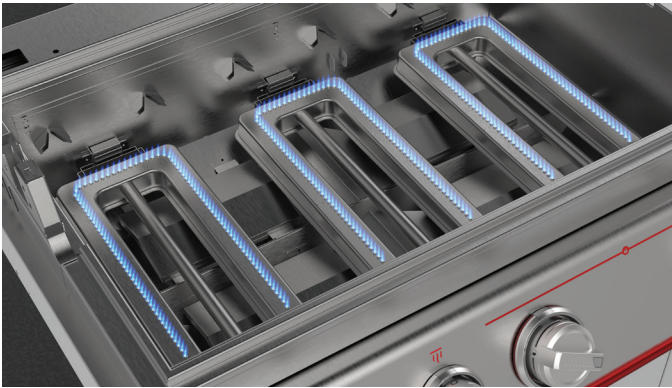

## THE WEBER® BUILT-IN DIFFERENCE

We're taking Weber's heritage of unbeatable reliability, legendary performance, and thoughtful engineering to a new stratosphere with built-in grills. Discover the premium performance features that make these grills worthy of a permanent spot in your outdoor kitchen.

**ELEMENTS**  
BUILT-IN COLLECTION

## POWERHOUSE PUREBLU® U-BURNERS

Proven PureBlu® burner design, scaled up in massive U-burners for consistent results night after night.

- **Powerhouse PureBlu® U-burners** distribute heat evenly across the grill
- **Heavy-duty design** blends high-heat power with precision output
- **Rugged stainless steel construction** for long-lasting durability
- **Raised ports** minimize clogs and corrosion

## CERAMIC FLAVORIZER® SYSTEM

Signature Flavorizer® bar design upgraded with ceramic for unbeatable heat retention and mouthwatering grilled flavor.

- **Ceramic Flavorizer® bars** with stainless steel liner heat up quickly and absorb and radiate heat evenly
- **Bars catch and vaporize juices** to boost grilled flavor
- **Tented design** keeps grease flowing, not flaring

## INTEGRATED SEAR ZONE

Crank the Sear Zone burners to unleash fierce heat fast.

- **Sear Zone reaches 750°F** for steakhouse-quality sear marks
- **Integrated design** saves grill space and offers versatility
- **U-Burners deliver 40,000 BTUs of power** across the Sear Zone
- **Ultra-high heat** for searing steaks, chops, and more

SR MODELS

SRB MODELS

## INFRARED BURNER

Create restaurant-quality meals, from juicy spit-roasts to caramelized filet mignon, with the blazing heat of an infrared burner.

Choose between two options:

**SR Models:** Rear-mounted infrared burner for rotisserie cooking

**SRB Models:** Top-mounted infrared burner for rotisserie cooking and broiling

## MODEL KEY

ex: 32SRB

32 = Width

MODEL: 32SR

| 32SR GRILL CUT-OUT DIMENSIONS |       |        |        |                  |
|-------------------------------|-------|--------|--------|------------------|
|                               | Width | Height | Depth  | Notch            |
| without Insulated Jacket      | 30.5" | 9.5"   | 19.75" | 0.9" - each side |
| with Insulated Jacket         | 33.5" | 10.25" | 20.5"  | 1.6" - each side |

- INSULATED JACKET**
- Insulated jacket is required to install grill into a combustible enclosure
  - Combustible material cannot be used within 24" of grill
  - Grill and insulated jacket are both designed to hang from countertop with no support underneath
  - Cutout height (H) is measured from the top of the counter to the base of the cutout
  - Insulated jacket has 2 back panel openings (L/R) for gas lines and electrical cables: 5.1"W x 3.1"H each
  - Island not included with grill
  - Note: Weber insulated jacket is compatible with preexisting cutouts from a width of 33.25" to 35", a depth of 20.5" to 23.63" and a height of 10.25" to 10.5"

GRILL SPECIFICATIONS

- SIZE:** 32"
- DIMENSIONS:** 32.3" W x 29.0" D x 23.3" H
- INSTALLATION TYPE:** Built-in
- FUEL:** Liquid Propane (LP) or Natural Gas (NG)  
32SR LP: 1501957  
32SR NG: 1501958
- BURNERS:** 64,000 BTUs Total
- 2 U-burners in Sear Zone at 20,000 BTUs each
  - 1 U-burner at 14,000 BTUs
  - 1 ceramic infrared rotisserie burner at 10,000 BTUs
- GRILLING SURFACE AREA:** 772 Sq. In. Total
- **Primary:** 29.7" x 18.9" = 561 Sq. In.
  - **Secondary rack:** 29.7" x 7.1" = 211 Sq. In.
- ELECTRICAL:** Installation requires an outdoor 120v GFI electrical outlet adjacent to product.
